

Zenon
Potoczny

BRIEF

Mr. Potoczny holds a Masters degree in Engineering and an MBA, both from University of Toronto. Mr. Potoczny is President of Zhoda 2001 and Director of Zhoda Investments whose shares are traded on Pareto Securities OTC. Zhoda invests in selected unlisted European ventures and has now projects related to oil and gas in Ukraine and wineries in Croatia.

In Ukraine it has currently projects with Ukrnafta and Chornomornaftogas.

Kashtan Petroleum is a joint venture between Ukrnafta and Zhoda 2001, and has presently about 1000 barrels a day production of light crude oil from the Lelyaki field.

It also has a Joint Investment Agreement with Chornomornaftogas for exploration and development of prospective gas properties in the Azov and Black Seas.

From 1998 to 2010 he was President and CEO of Shelton Canada Corp., a junior oil and gas company listed on TSX Venture Exchange. Responsible for all aspects of running a public company including arranging for oil and gas exploration projects in Canada and Ukraine; raising capital and overseeing the projects.

From 1994-1998 Zenon was a Managing Director for Shelton Corporation Ltd., involved in all aspects of oil processing and marketing in Ukraine. Responsible for marketing byproducts; arranging financing for various transactions; developing contracts and banking instruments.

From 1990 to 1994 he was Vice President of Marketing for Landford International Ltd., an international trading and real estate development company, responsible for joint venture creation and business development in Ukraine.

From 1983 to 1988, Zenon was a Project Manager for the Department of Energy, Mines and Resources, Canada, where he worked on projects related to tar sands. Fie has written several reports and publications relating to oil sands and bitumen extraction processes.
